Instructions

Hi Kids! Make sure that you always ask for a parent's or caregiver's help for before starting any project. You don't want to get yourself into hot water, so read the instructions carefully.

1. Print out your page of stickers.
2. Cut each one out carefully with scissors.
3. Trim of any excess paper around your sticker.
4. Stick it onto your favorite book, lunchbox or other item.
5. Collect all of them to share with your friends.
